New Business:

Director Mueller advised the board that the rural agencies don't have internet on their computers. We don't control their antivirus as we do not own their computers and they are connected to our servers. This is one reason we do not allow them to have internet. Another reason is Leads, if you have Leads info on terminals you are not allowed to have internet.

Pre Travel Approval for Matt Broche & Libby Griggs for the Tyler User group in Elgin. Member Parrish made a motion to approve. Member Winslow second. Motion carried. Passed by all.

The FY22 budget was passed out and discussed. There were no big changes to the budget from last year to this year. Vice Chairman Chi made a motion to approve the

FY22 budget in the amount of \$3,040,000.00. Member Parrish second. Motion carried. Passed by all.

Director Mueller has asked for the board to approve the Watson Console contract in the amount of \$295,052.50. Once we are able to complete this, we are hoping that it will only take about a month to complete. Once PSAP2 is done, then we can start on the furniture console upgrade. Will have to have AT&T, Motorola and the electricians will have to come back to do all of their things that need to be done. The electrician bids looked to all come in under 7k. Vice Chairman Chi made a motion to approve the Watson Furniture console contract. Member Winslow second. Motion carried. Passed by all.

There was a brief discussion regarding video with 911 calls coming in the future.

Approval of the following Purchase Orders: No purchase orders to approve.

Vice Chairman Chi made a motion to adjourn at 2:21 pm. Member Parrish second. Motion carried. Passed by all.
